

Fox Web Solutions

Available Packages

Below is a more comprehensive list of what is included within each package:

Standard

- Standard template
- 1 page with unlimited sections
- Adjustments and additions free for two weeks
- Instructions on buying a domain, uploading it to a server or how to allow Fox Web Solutions to do that for you
- A basic design created on Wordpress or Weebly

A standard template is a similar looking website to www.thefoxweb.co.uk. It includes your logo, company name, a fixed background as seen on our site and as many sections as you like. Colours and styles as well as content are determined by you. Layout and position of text and images are also chosen by you. A navigation bar, a 'scroll to top' arrow and a sticky nav bar for when scrolling down the page also comes with this template. Scroll effect upon clicking links is also available. Footer links to social media are also included.

Once you have decided upon this template, a £40 deposit will be taken.

Upon final payment of the remainder, anything else you wish to change or add will be done for free for 2 weeks.

Further additions or alterations will be £10 per section.

Hosting on Fox Web Solutions server is available for standard customers free for 2 weeks.
